Don's tenure in Visual Effects dates back to Lucasfilm Commercials, followed by a number of years at Boss Films and Sony Pictures Imageworks. He honed his Feature Animation abilities at PDI/DreamWorks, followed by many years Producing at Rhythm & Hues. Of late he's been involved with Tau Films (John Hughes' subsequent facility to R&H), bidding and packaging proposals for a number of ridefilms and special media for Asian and Arabian themeparks, plus is sought independently to analyze special format projects/proposals.
